

Abbeville General Lab Locations

Accredited by the Joint Commission

All sites are open to the public and accept patients from any ordering physician.

All sites are staffed with personnel trained in both phlebotomy and registration. They are specially trained to collect blood for diagnostic testing, as well as collect other sample types: swabs for Flu or Strep Testing, Urine, etc. No appointment is necessary.

Financial assistance – available for all services: 337-898-6593.
